# MORROWMERE

A HALLOWEEN MYSTERY IN 18 CLUES

6,000 VISITORS · ONE COVEN · ONE KILLER

PRINTABLE CASE FILE · PRINT OR PLAY ON iPad

## BEFORE YOU BEGIN

# How to play

**What you need.** A highlighter or pencil, this case file printed (or open in Goodnotes or Notability), and a cup of something warm.

**Who plays.** One detective on their own, or up to four working together. Split the Visitor Log between you and compare notes.

**How long.** Around 90 to 150 minutes, depending on how you split the work.

**How it works.** Read the case and the six documents. Clues 1–12 in the Inspector's Notebook are stated outright. Evidence A–F is hidden in the documents: work out what each one tells you. Every clue and every piece of evidence rules visitors out. Apply them to the Visitor Log in any order until one visitor is left.

**A tip.** The Visitor Log is sorted by entry time and split into hourly chapters. Some evidence lets you cross out whole pages at once.

**Stuck?.** The hint pages at the back give three levels of help for every clue: a nudge, a stronger push and nearly the answer. Each level sits on its own pages, so you only see what you ask for.

**Checking your answer.** Use the Sealed Check page. It tells you if you are right without giving the answer away. Then open the Envelope (the separate solution file) for the full story.

**Printing tip.** Inside pages are mostly white to save ink. Print the Visitor Log single- or double-sided, black and white is fine. The evidence pages look best in colour. On a tablet, use the contents page or the bookmarks to jump around, and highlight visitors as you rule them out.

## MORROWMERE POLICE · 31 OCTOBER

# The case

Every 31 October the village of Morrowmere holds its Moon Fair on the green. The Hearth Circle, the village's old coven of herbalists, candle-makers and tea-leaf readers, hangs a lantern over every stall, the cauldrons of spiced brew bubble until late, and anyone who owns a pointed hat wears it.

This year the full moon rose right on cue. At 20:45 Tobias Wick, the shop boy at Quell's Apothecary on the edge of the green, found his master, Barnaby Quell, slumped in the back room. Quell owned the shop and chaired the fair committee. His cup of brew had been laced with something from the locked cabinet that was certainly not on the menu.

Every visitor wore a numbered moon token on a ribbon. It was scanned once at the entrance on the way in and used to pay at every stall. The fair committee has handed over the complete Visitor Log: 6,000 tokens, one line each.

Inspector Hollis Drummond needs your help. The killer is one of those 6,000 lines. Cross out every visitor who doesn't fit the evidence until only one remains.

## What we know for certain

- The Visitor Log lists every visitor exactly once. No two visitors share a full name, and ticket numbers run from 0001 to 6000 with no gaps.
- Entry is the time the token was scanned at the entrance. Entrance is where it was scanned: Bramble Gate, Mill Stile, Church Lychgate or Orchard Gap. The log prints the first word only (Bramble, Mill, Church, Orchard).
- Last stall is the stall where the token made its final purchase of the night. Every visitor bought at least one thing.
- Mother Meridew reads the tea leaves of anyone who brings her a cup from the fair. The token records confirm that the cup the killer brought her was the killer's last purchase of the night.
- Bryony Fettle, who lights the lanterns in the meadow, saw a visitor in a tall pointed hat with a silver crescent-moon pin. Hundreds of people wore pointed hats that night, but only one wore that pin, and everyone who noticed it was looking at the killer.

# House rules

Every clue in this case uses the words below in exactly this sense. If a clue seems to have two meanings, this page decides.

|                         |                                                                                                                                                                  |
|-------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Letters</b>          | Count letters only. Every name in the log is a single word with no spaces, hyphens or apostrophes. Home villages may be one word or two.                         |
| <b>Vowels</b>           | A, E, I, O and U. In this case Y is never a vowel.                                                                                                               |
| <b>Longer</b>           | “At least two letters longer” means the surname has two or more letters more than the first name: Ruth (4) and Barlow (6) count; Ruth and Gale (4 and 4) do not. |
| <b>Capital or small</b> | A letter counts whether it is a capital or not: Ellwood contains the letter E once, Elmore twice.                                                                |
| <b>Times</b>            | All times are 24-hour clock on 31 October. “19:40 or earlier” includes 19:40 itself. A range such as 17:52–18:20 includes both the first and the last minute.    |
| <b>Minutes</b>          | The minutes of 18:07 are 07. “Minutes 10 to 39” includes :10 and :39.                                                                                            |
| <b>Ticket digits</b>    | Read all four digits as printed, zeros included: ticket 0472 has one 0, ticket 3006 has two, ticket 1234 has none. An odd number ends in 1, 3, 5, 7 or 9.        |
| <b>Stalls</b>           | Stall numbers, names, lanes and what each stall sells are on the fair map and in the stall directory. What goes into each brew is in the Book of Brews.          |

# Moon-watcher's log

## THE MORROWMERE MOON-WATCH

Kept by Hazel Thorne from the church tower, 31 October. Times are inclusive, to the minute.

| FROM  | TO    | THE SKY OVER THE GREEN           |
|-------|-------|----------------------------------|
| 16:00 | 17:39 | Moon below the hills             |
| 17:40 | 17:51 | Moonrise, hidden behind Hob Hill |
| 17:52 | 18:20 | Full moon, clear and bright      |
| 18:21 | 19:04 | Cloud bank, moon hidden          |
| 19:05 | 20:16 | Full moon, clear and bright      |
| 20:17 | 21:00 | Thick cloud, light drizzle       |

Watcher's note: from the tower I can see the whole green, the meadow and the Hob Stones at once. When the moon was out, it was out for all of them; when cloud covered it, it was hidden for all of them.

Inspector —

I saw the lady with the silver moon pin  
on her tall hat. She came in off the  
drove road by the stone path, through  
the Hob Stones, under a full moon so  
bright her pin flashed like a new coin.  
Later, about twenty past eight, she  
slipped out of Mr Quell's back door.

## Detective's notes

## CHECK YOUR ANSWER WITHOUT SPOILERS

# The Sealed Check

Found your one remaining visitor? Do this sum with their details (a phone calculator is fine). It confirms the answer without printing the killer's name anywhere in this case file.

- 1 Take their ticket number and multiply it by 7.
- 2 Count the letters in their first name and in their surname, and add both counts to the result.
- 3 Look at the last three digits of the total.

Ticket number  $\times 7 =$

+ letters in first name =

+ letters in surname =

Last three digits =

If your last three digits are

## 523

you have caught the killer. Open the Envelope to read how it happened.

Not a match? Somewhere a visitor was kept or crossed out by mistake. The hints at the back can show you which clue to look at again.

STOP, DETECTIVE

# Hints ahead

Three levels of help for every clue, each level on its own pages. Start with Level 1 and only go further if you need to. Nothing here names the killer.

**Level 1 — A gentle nudge · page 133**

**Level 2 — A stronger push · page 135**

**Level 3 — Nearly the answer · page 137**

## HINTS

# Level 1 — A gentle nudge

- Clue 1** Look only at the first letter of the first name.
- Clue 2** Count the letters in both names and compare the two counts.
- Clue 3** Look for the letter E in the surname, capital or small.
- Clue 4** Count the letters of the first name.
- Clue 5** Only the last letter of the surname matters.
- Clue 6** This one uses the ticket number column.
- Clue 7** Count the zeros in the ticket number.
- Clue 8** Look at the last two digits of the entry time.
- Clue 9** Look for the letter H anywhere in the home village, capital or small.
- Clue 10** Use the Last stall column.
- Clue 11** The fair map and the stall directory show which stalls are on Rowan Close.
- Clue 12** Only the first name matters.
- Evidence A** Read Bryony's note again: what did the visitor walk through on the way in? Then follow that path on the fair map. A path can fork, so check every entrance it leads to, not just one.
- Evidence B** Bryony says something about the sky at the moment the visitor came in.
- Evidence C** Mother Meridew's book gives the time of the reading, not the time the lady came in. What does the reading time tell you about when she must have arrived?
- Evidence D** Mother Meridew wrote down what was left in the cup. Which brews could leave those dregs?
- Evidence E** Read the shop ledger: how was the parcel going home?

# Level 1 — A gentle nudge

**Evidence F**

Read Tobias's note beside the ledger: how did she sign?

## HINTS

## Level 2 — A stronger push

- Clue 1** A, E, I, O and U are vowels; Y never counts. Ada and Oscar stay; Bella and Yvonne would go.
- Clue 2** Ruth (4) and Barlow (6): exactly two letters longer, which counts, so Ruth Barlow would stay. Ruth Gale (4 and 4) would go.
- Clue 3** Count every E: Ellwood has one, Elmore has two, Abbott has none. Only exactly one counts.
- Clue 4** Fewer than six means five letters or fewer. Oscar (5) stays; Arthur (6) would go.
- Clue 5** Edwards ends in S, so it would go. Abbott ends in T, so it would stay.
- Clue 6** Odd numbers end in 1, 3, 5, 7 or 9. Ticket 0472 is even.
- Clue 7** Read all four printed digits: 0472 has one zero, 3006 has two, 1234 has none.
- Clue 8** 18:10 and 18:39 count. 18:09 and 18:40 do not.
- Clue 9** The villages with an H in them are Ashcott Heath, Birchfold, Brackenhythe, Hatherby, Owlhallow, Pennyholt, Rushcombe, Thornby Cross.
- Clue 10** Two-digit stall numbers run from 10 to 36.
- Clue 11** Rowan Close is the lane of stalls 28–36.
- Clue 12** Capital or small makes no difference: Ida and Elsie both contain an I.
- Evidence A** Find the Hob Stones on the fair map. Which footpaths run through them?
- Evidence B** The moon-watcher's log shows when the full moon could be seen and when cloud hid it. There were two clear spells.
- Evidence C** Nobody can sit for a reading at the fair before they have come in.
- Evidence D** Check the Book of Brews: the brew must contain rosehip and star anise, and no honey. Then find the stalls that sell it in the stall directory.

## Level 2 — A stronger push

**Evidence E**

The carrier goes right past her door on that day's round. Find the round in the carrier's timetable.

**Evidence F**

Initials are the first letters of the first name and the surname.

## HINTS

# Level 3 — Nearly the answer

- Clue 1** Cross out every visitor whose first name begins with any letter other than A, E, I, O or U.
- Clue 2** Cross out every visitor whose surname is shorter than the first name, the same length, or only one letter longer.
- Clue 3** Cross out every visitor whose surname has no E at all, or has two or more.
- Clue 4** Cross out every visitor whose first name has 6 or more letters.
- Clue 5** Cross out every visitor whose surname ends in S.
- Clue 6** Cross out every visitor whose ticket number ends in 0, 2, 4, 6 or 8.
- Clue 7** Cross out every visitor whose ticket has no 0 at all, or has two or more zeros.
- Clue 8** Cross out every visitor whose entry minutes are 00 to 09 or 40 to 59.
- Clue 9** Cross out every visitor from Morrowmere, Dunwold, Fernley, Kittlewick, Larkspur Green, Nettlebarrow, Wexley, Yarrowby.
- Clue 10** Cross out every visitor whose last stall is 1, 2, 3, 4, 5, 6, 7, 8 or 9.
- Clue 11** Cross out every visitor whose last stall is 28, 29, 30, 31, 32, 33, 34, 35 or 36.
- Clue 12** Cross out every visitor whose first name contains the letter I.
- Evidence A** Only the paths to Mill Stile and Orchard Gap run through the Hob Stones. Cross out every visitor who came in by Bramble or Church.
- Evidence B** The full moon was out 17:52–18:20 and 19:05–20:16. Cross out every visitor whose entry time is outside both spells. The log is sorted by entry time, so whole pages can go at once.
- Evidence C** The reading was at 19:40. Cross out every visitor who came in at 19:41 or later.
- Evidence D** Only Hearth Chai and Rosehip Ember fit. They are sold at stalls 4, 7, 12, 16, 21, 24, 31 and 35. Cross out every visitor whose last stall is any other number.

## Level 3 — Nearly the answer

**Evidence E**

The Thursday round calls at Birchfold, Dunwold, Hatherby, Kittlewick, Owlhallow and Wexley. Cross out every visitor from any other village.

**Evidence F**

Cross out every visitor whose first name and surname begin with different letters.

QUIETCLUECO

# Thank you, detective

Thank you for spending a moonlit night at the Morrowmere Moon Fair. We hope the lanterns, the brews and the silver crescent pin kept you guessing.

Every case from QuietClueCo is written and drawn by hand, and checked by a computer program before it reaches you: the program confirms there is exactly one answer, that every clue is needed, and that the answer does not change if a clue is read in a slightly different way.

If you enjoyed the case, a short review helps other detectives find us.
